RE: Notice of Oral Ex Parte Presentations – WT Docket No. 05-302

Dear Ms. Dortch:

On October 27, 2005, Todd Lantor, Chief Regulatory Counsel of Nextel Partners, Inc., together with Jason Friedrich of Drinker Biddle & Reach and the undersigned, met with Michael J. Wilhelm, Division Chief, Public Safety and Critical Infrastructure Division, Wireless Telecommunications Bureau, Jeffrey Scott Cohen, Deputy Chief – Spectrum Policy, Public Safety and Critical Infrastructure Division, Wireless Telecommunications Bureau, Daniel Grosh, Senior Attorney, Wireless Telecommunications Bureau, Policy Division, and David Furth, Associate Bureau Chief and Counsel, Wireless Telecommunications Bureau.

During the meeting, the participants discussed the substance of Nextel Partners, Inc.'s Petition for Limited Waiver of the December 31, 2005 deadline for achieving ninety-five percent penetration of A-GPS capable handsets, associated with the above-captioned docket. Specifically, the participants discussed company reaction to a Motorola software glitch on A-GPS handsets that has adversely affected Nextel Partners' ability to reach ninety-five percent penetration by December 31, 2005, as well as continuing and future efforts to incent Nextel Partners subscribers to upgrade either their handset software or their non-A-GPS capable handsets.

If you have any questions, please contact the undersigned.

Respectfully submitted,

Laura H. Phillips

Counsel to Nextel Partners, Inc.
